READING DIRECTIONS

This book reads from *right to left*, Japanese style. If this is your first time reading manga, you start reading from the top right panel on each page and take it from there. If you get lost, just follow the numbered diagram here. It may seem backwards at first, but you'll get the hang of it! Have fun!!

Lamias, Harpies, and Centaurs, Oh My!

What do world governments do when they learn that fantastical beings are not merely fiction, but flesh and blood—not to mention feather, hoof, and fang? Why, they create new regulations, of course, like the Interspecies Cultural Exchange Accord!

When twenty-something Kurusu Kimihito becomes an involuntary “volunteer” in the government homestay program for monster girls, his world is turned upside down. A lamia named Miia is sent to live with him, and it's Kimihito's

job to make sure the sexy snake girl integrates into everyday life.

While cold-blooded Miia is hot for Kimihito, the penalties for interspecies breeding are dire. Even worse, when a buxom centaur girl, and a scantily-clad harpy move into Kimihito's house, what's a full-blooded young man with raging hormones to do?!
